

READY FOR WAR IF WAR MUST COME

Rapid Preparations Made in
Washington Departments.

FORAKER PROPHECIES NOMES-
SAGE MONDAY.

Spanish Minister Is Quoted as Saying
That He Now Sees No Way Out
of the Matter Except Fight—Con-
suls Have Been Authorized to Leave
Their Posts if in Danger.

Washington, April 9.—[Special]—
Greater activity is being displayed at
the war and navy departments today
than at any time since war with Spain
became a possibility. Fresh instruc-
tions have been issued to have all or-
ders for war material filled as rapidly
as possible.

The state department has granted
permission to consuls in Spain to leave
their posts at once if necessary to their
safety. No peremptory orders have
been issued, however.

Senator Foraker prophesied today
that the president's message would
not be sent to congress Monday. If
such is the case Foraker says it is im-
possible to tell what congress will do.

The rumor gained currency during
the early morning hours that the
steamer Beche had been blown up in
Havana harbor last night, but Sec-
retary Long says he has not received in-
formation to that effect.

Senor Bernabe, the Spanish minis-
ter, now believes that war cannot be
avoided, and is preparing for the
worst.

WAR TALK IN MADRID.

Spanish Newspapers Say That Con-
flict Is Inevitable—Papal Nun-
cio's Declaration.

Madrid, April 9.—[Special]—Street
disturbances continue throughout the
city. Newspapers generally admit
that war is now inevitable.

The papal nuncio to the court of
Spain denies that President McKinley
rejected the pope's offer to mediate
between Spain and the United States
and says that the pope's chances of
intervention are greater now than
ever.

Vienna, April 9.—[Special]—Prepa-
rations are being made to receive
the queen regent of Spain should she
be forced to leave Spain.

TO CALL FOR MILITIA.

War Department Prepares to Secure
Auxiliary Force.

Washington, April 9.—Now that all
preparations have been completed for
mobilizing the standing army west of
the Alleghenies and east of the Rockies
in the Chickamauga National park at
short notice, the army administration
is taking the final steps to secure a
strong auxiliary force from the nation-
al guard organizations of the several
states.

A letter has been addressed to the
governors of the states requesting them
to assemble at once all the regiments
of state troops in their armories. The
adjutant general of the states are
asked to ascertain personally from the
militiamen thus assembled how many
will volunteer their services for the
national defense and to make a must-
er roll of those, to be forwarded as
soon as possible to the war depart-
ment.

The war department has thus adopt-
ed the policy of regarding the state or-
ganizations as under no obligation to
perform military service outside their
states. Whether this policy will be fol-
lowed in case the country becomes in-
volved in a desperate struggle in which
a very large number of troops are re-
quired is not certain, for the question
of the president's authority to mobilize
the militia organizations for service
outside their states is a mooted one,
although the preponderance of legal
opinion is in favor of such action by
the president.

The best assurances have been re-
ceived by the army administration that
the country will be amply provided
with volunteer troops in case of war.
Including the general assurances of
assistance which have come from the
governors of the states representing
the national guards and the offers of
thousands of organizations and indi-
viduals to enlist, the department reck-
ons that 1,000,000 volunteer soldiers
can be depended on in emergency.

FERN MAY BE BLOWN UP.

Report at Washington That the Dispatch-
Boat Is Destroyed.

Washington, April 9.—It was ru-
mored early this morning that the
United States lighthouse tender Fern,
now in Havana harbor, has been
blown up.

The navy department had no in-
formation on the subject, and it was
impossible to verify or disprove the
rumor.

The Fern was at Havana to bring
General Lee away and he has been
spending his nights on the vessel.

Every effort to confirm the story of
the destruction of the Fern was made,
but without result. Newspaper corre-
spondents utilized all available means
to secure either a refutation or con-

firmation of the startling rumor. Early
last evening a report was current of
trouble at Havana, but was given little
or no credence.

GIST OF THE MESSAGE.

Reviews the Whole Trouble and Takes a
Vigorous Stand.

Washington, April 9.—Few persons
outside the cabinet have seen President
McKinley's coming message, but from
them it is learned authoritatively that
it is a most vigorous document. The
president reviews the whole history of
the Cuban insurrection, and he de-
scribes the conditions prevailing on
the island as anarchistic. Because
Spain is unable to suppress this an-
archy and lawlessness, so detrimental
to the interests of the United States,
as well as because of the resulting bar-
barism, it is the duty of this govern-
ment to interpose and restore order.

As to the Maine, the president sets
forth the fact that the Spanish gov-
ernment has not, since the Maine was
destroyed, either through its diplomatic
representative in Washington or through
the American representative in Madrid,
disavowed the responsibility for the
destruction. The discourtesy of Spain
in not trying to locate the responsi-
bility is referred to, and her protest
against being held responsible is charac-
terized as mere diplomacy.

The message does not extend a single
encouraging word to the Cuban repub-
lic. Intervention should come first and
the matter of government afterward.
No recommendation is made, but the
president concurs fully with the pro-
posed action of the committee on for-
eign relations, who will present warlike
resolutions.

SPAIN MAKES FIRST WAR MOVE.

Starts Her Formidable Fleet from Cadiz
for the Canaries.

Washington, April 9.—Spain's for-
midable offensive and defensive squad-
ron, which has been mobilized at Cadiz,
left that port Friday for the Canary
islands. Minister Woodford notified
the state department of the movement
of the fleet, and when the information
was referred to the navy department it
was considered at a meeting of the
strategic board, which assembled in
the office of Assistant Secretary
Roosevelt.

The departure of the Spanish vessels
from Cadiz is regarded by officials as
the first development in Spain's plan
of operations. The second develop-
ment is expected to occur when the tor-
pedo boat flotilla, which arrived some
days ago at the Cape Verde islands,
leaves its present anchorage to meet
the coming Spanish squadron.

The fleet which sailed from Cadiz is
the most important factor with which
the American navy will have to deal
in the event of war. It represents the
supreme strength of Spain, the most
formidable force she is now able to
gather to defend her home and her
colonies from an enemy.

TRUCE AGREED TO.

Spain Said to Have Decided Upon an
Armistice in Cuba.

New York, April 9.—The Herald has
the following dispatch from Madrid:
"Spain has indicated her desire not
to engage in war with the United
States by agreeing, it is understood,
to the armistice suggested by the pope
and advocated by France, Italy and
Austria."

"It is the expectation that the queen
regent will issue a decree to-day for-
mally proclaiming that an armistice
has been granted."

"It will then be necessary for repre-
sentatives of Spain to confer with Gen.
Gomez, the commander-in-chief of the
Cuban insurgents, to learn if he is will-
ing to accept the armistice."

"It is understood that the pope will
extend his influence to the Cubans
with a view of getting them to accept
the armistice."

First State Called On.

Indianapolis, Ind., April 9.—The
first warlike step in this state was
taken Friday in an order to the In-
diana militia to mobilize at the fair
grounds, near this city, on Wednesday
next, and to be prepared to move to
any point that may be designated by
the secretary of war. The military
forces consist of 3,000 infantry and
three batteries, but it is not now be-
lieved that the quota demanded of this
state at first will call for more than one
regiment and one battery. The latter
will be battery A, which is known as
the Indianapolis Light artillery. The
First regiment of the National guards
will also be selected for service if but
one is required.

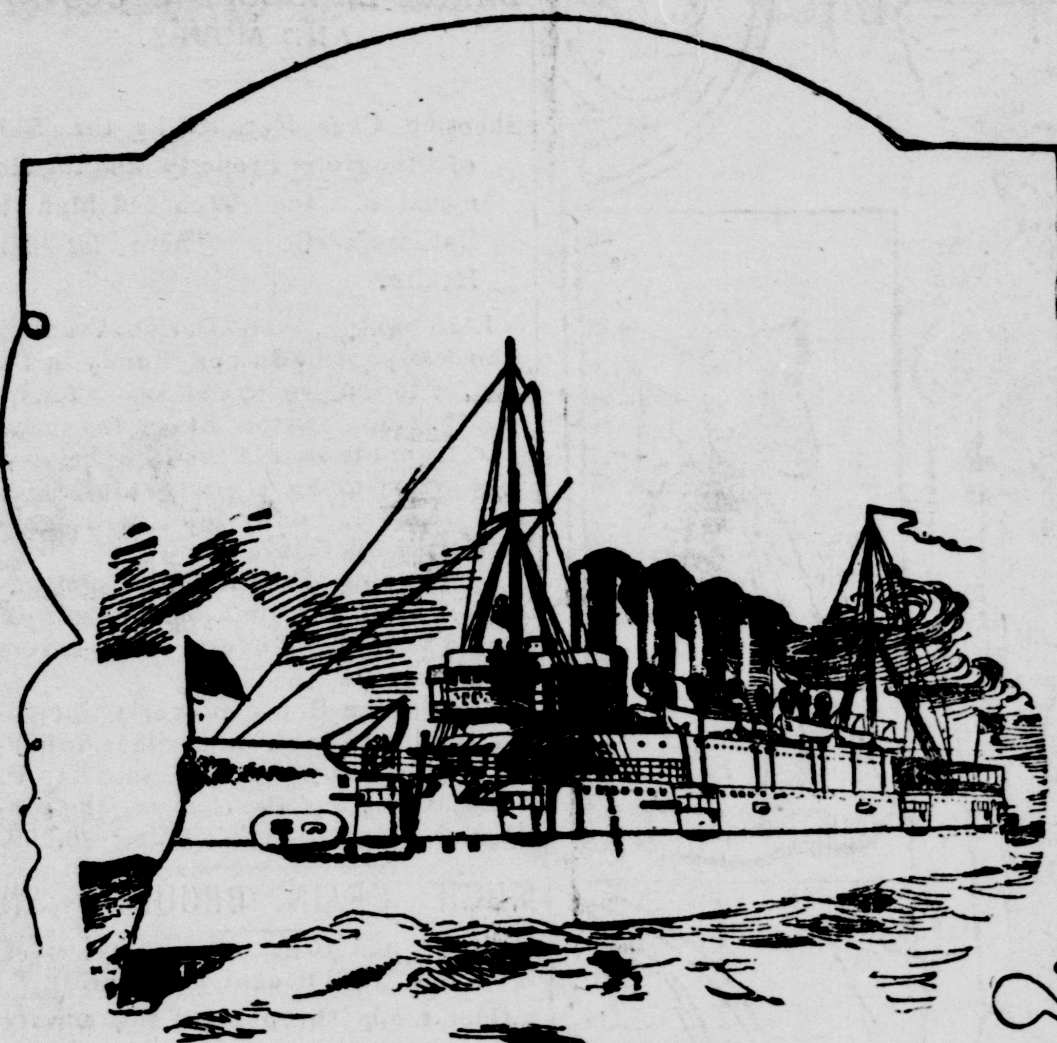

Drafting a War Revenue Bill.

Washington, April 9.—A war re-
venue measure, to be introduced in con-
gress as soon as war with Spain is
declared, is being drafted by treasury
officials and members of the house
ways and means committee. Among
the things practically agreed upon is
an increase in the tax on beer from \$1
to \$2 a barrel, and a large increase in
the tax on manufactured tobacco, in-
cluding cigars and cigarettes. Bank
checks, bills of exchange, drafts, deeds,
mortgages, and other paper of this
class, patent medicines, and nostrums,
in all probability, also will be added
to the list.

Censorship More Rigorous.

Madrid, April 9.—The cabinet met
Thursday night and held a three hours'
session. The greatest secrecy is ob-
served regarding the proceedings of the
meeting.

The Correspondencia Espana de-
clares that the consideration of any

The Columbia is one of the fastest commerce destroyers afloat, and the finest vessel of her class in the American navy. A feature of her trial trip was a run under full pressure across the Atlantic, at which time she proved herself capable of outrunning anything in the line of a warship afloat excepting fast torpedo boats and torpedo boat destroyers.

peaceful solution of the present situa-
tion will involve a reconstruction of
the cabinet.

The censorship of dispatches is be-
coming more rigorous.

Spaniards Making Threats.

Key West, Fla., April 9.—Americans
who arrived on the Mangrove from Ha-
vana Friday report the situation in the
Cuban capital as most critical, and say
that threats were made openly that if
the Mangrove returned she would suffer
a fate similar to that of the Maine.
John F. Fielding of Brooklyn said that
he heard Spanish officers boasting the
day he left Havana that the Spanish
flag would be floating on the capitol
in Washington within a month.

Second Torpedo Flotilla.

London, April 9.—A dispatch to the
Daily Mail from Biarritz says that it is
announced that 20,000 troops are going
to Porto Rico. A second torpedo flotilla
is expected to leave Cadiz on Sunday
for St. Vincent and Porto Rico. An-
other naval squadron is being formed
with the newly bought ships and some-
fast liners of the Spanish Transatlan-
tic company.

Forced to Leave Porto Rico.

St. Thomas, April 9.—The situation
in San Juan de Porto Rico has become
so serious that United States Consul
P. C. Hanna has been ordered to this
island, where his safety is assured.
Fearing an outbreak against Ameri-
cans, Consul Hanna and all the mem-
bers of the American colony spent the
night on board the British steamer
Virginia.

Schley's Squadron to Sail.

Old Point Comfort, Va., April 9.—Or-
ders have been given by Commodore
Schley to the commanders of the ships
of the flying squadron to be in readi-
ness to get underway on Monday night.
As matters now stand, the squadron
officers expect to move toward scenes
of action not later than Tuesday morn-
ing.

Cubans Refuse Autonomy.

Havana, via Key West, Fla., April 9.
—Juan Ramirez and Virgilio Lopez
Chanez, commissioners of General
Blanco to offer autonomy to the gov-
ernment of the republic of Cuba, have
returned to Havana after having en-
tirely failed in their mission.

Re-enforce Sampson's Fleet.

Washington, April 9.—The North
Atlantic squadron has received a note-
able addition in the monitor Puritan,
which arrived at Key West from Hamp-
ton Roads.

WATERS SLOWLY RECEDE.

More Victims of the Flood at Shawneetown
Are Found.

Shawneetown, Ill., April 9.—The
waters of the Ohio river are slowly
receding and the people of this stricken
town begin to see a ray of hope that
they will soon again view the bodies of
their relatives and friends who perished
in the big flood. It is supposed that a
large number of the bodies are in the
wrecked homes and ingress to these is
exceedingly difficult, as in many cases
the houses are surrounded with debris
of all kinds, including the carcasses
of animals. The coroner and his as-
sistants are making some progress,
though it is very slow work.

A number of bodies have been found,
but they had been so long in the water
that they were so decomposed as to be
unrecognizable. An effort will be
made to identify each by the clothing,
that being the only way by which there
is any likelihood of establishing their
identity.

The destitute condition of the peo-
ple is in no way mitigated by the clear
weather. They are without anything
to eat or wear except what is furnish-
ed them, but the country is responding
liberally with food, clothing and cash.
The negroes have not been at all
prompt in reporting their losses and it
is only by constant questioning that it
has been learned that many were mis-
sing and in all probability drowned.
More food and clothing as well as
money are needed to carry on the re-
lief and prevent actual hunger.

GREEN DOES WELL ON RANCH

Janesville Boy Is Ready To Go In Busi-
ness for Himself.

Fred B. Green, son of Mr. and Mrs.
Fred Green, of St. Mary's avenue, left
Janesville in 1896 for the west, to
grow up with the country. Yesterday
he returned, and will make local rela-
tives and friends a week's visit. He is
now located on one of the largest
cattle ranches in the west, at Fort
Morgan, Colorado, 125 miles north of
Denver, and has just been through to
Chicago with sixteen carloads of cattle.

"I intend to go into the cattle busi-
ness myself on my return," said Mr.
Greene. "As for Colorado, there is no
better country on earth."

CANVASS ELECITON RETURNS

Common Council Make Short Work
of the Matter—The Figures Unchanged.

The common council made short
work of the election returns last even-
ing. Alderman McLean, from the ju-
diary committee, to whom was re-
ferred the returns as published, re-
ported them correct and they were re-
ceived and placed on file.

Alderman Rice presented an order
directing the city clerk to advertise
for proposals from the daily newspa-
pers of the city to the city print-
ing, all bids to be filed with the city
clerk on or before the first Tuesday in
May next. Adopted.

Alderman Burham, from the finance
committee, in reduced an order pro-
viding for the payment of the salary
the inspectors and clerks of the late
election. Adopted.

HAVE PAID THEIR TAXES

CHARLES GIBEAUT RELEASED

Pays Costs in the Gunderson Case and
All Is Forgiven.

Charles Gibeaut, of Beloit, who has
been confined in the Rock county
jail on charges made against him in
connection with the Gunderson infan-
tilde case was released yesterday by
Justice Booth's court at Beloit. A
satisfactory settlement was effected
outside of the courts, by which Miss
Junde son has given Gibeaut a re-
lease from all the claims she had on
him. District Attorney W. A. Jack-
son prosecuted and J. J. Cunningham
appeared for the defendant.

WHO WAS ELECTED JUSTICE?

Milton Junction People Refer Their Vote
to District Attorney Jackson

Milton Junction is having no end of
trouble over her election for justice of
the peace. District Attorney Jackson
and other good authorities say the ir-
regularity in the tickets applied only
to the candidates for justice to fill va-
cancy, therefore the republican candi-
date for full term, A. S. Bullis and
A. D. Frisk, who received the highest
number of votes, should have been de-
clared elected.

Near Havana, and Threaten to
Make a Dash on the Capital at Any
Moment.

Havana, April 9.—[Special]—Al-
though no demonstration against the
Americans here has taken place the
feeling of hostility grows more threat-
ening every hour. Violent newspa-
per articles are inflaming the an-
imosity of the Spanish. Plans being
made offering demonstration against
Lee, but Blanco is taking extra pre-
cautions to prevent this.

Consul General Lee and the other
members of the American consulate
leave for the United States at 5 o'clock
this afternoon. They leave the affairs
of the consulate in the hands of the
British consul.

Insurgents are gathering in num-
bers around Havana and threaten to
make a dash on the capital at any
moment. Their menacing attitude
makes it evident that the insurgents
will accept no half way measures.

FRENCH GOWN OF CHALLI OR INDIA SILK FROM HARPER'S BAZAR

A simple but very becoming little gown, and one adapted to home wear has a robe waist with decollete neck edged with a triple piping outlining the yoke in two points back and front. A full pleated ruche of that airy and effective tissue, black silk muslin, bordered with narrow jetted velvet, crosses the bodice in pointed effect. Ruche trimmed epaulettes broaden the shoulders in a fluffy fashion. The yoke, plain collar, and unlined sleeves are of French linen guipure. This corsage is slightly bloused in front, has a plain back with a few small pleats at the waist and fastens invisibly at the side; it is girdled with a narrow velvet belt.

The snug skirt, a new seven-gored model, hung over a foundation of the same form, three yards and three-quarters wide at the foot, is bordered with a full jetted ruche. The back of the skirt is shirred in a tiny space at the waist-band, thus throwing the fullness directly behind. This model is suitable for silk, challis, net or any of the fancy wool fabrics, and the proper cut can be obtained from the cut patterns published by Harper's Bazar where it appears.

Quantity of material for gown:
Gowns 42 inches wide, 6 1/2 yards; goods 32 inches wide, 8 yards; embroidery, 2 yards; ruche 5 1/2 yards.

SAXTON GOES WEST WITH BALL IN HEAD

DARIEN LANDLORD SELLS OUT AND MOVES.

Shooting Case Recalled by the Sale of the Hotel Property and the Removal of the Wounded Man to California—Goes There for His Health.

I. L. Saxton, the Darien landlord who was shot by Joseph Bundy in Darien, is to remove to California for his health. Mr. Saxton has so far recovered from his wound that he believes that he can make the trip safely. He will take his family and will make California his future home.

Considering that the bullet penetrated his brain and that he was not expected to live two hours his recovery is remarkable.

The Saxton House property, including the liver barn and other adjoining buildings, has been sold to F. Hunsbush, of Lake Geneva. The consideration for the whole being \$6,000.

MUCH GRAIN BROUGHT IN

Farmers Are Delivering Freely—Much New Seed Bought This Year.

Good roads throughout the county have increased grain deliveries this week. At the Northwestern and the Cargill elevators much grain has been handled.

The spring sowing will commence soon and a large number of farmers who are coming in are buying new barley this year. They will make the quality of the grain raised next year better than it was this, as the seed of those who are buying has naturally become poor.

What Was the Trouble?

Health Broken Down, Heart Troubles, Torpid Liver, Consumption, Rheumatism

Whatever It Was, Hood's Sarsaparilla Cured by Its Power as The One True Blood Purifier.

Discouraged people are numerous now — some because of lost business, others because of lost health. All may find fresh inspiration and valuable suggestions in the following:

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen: For 12 years I have been a commercial traveler, and owing to the hardships of my life, long railroad jumps, all kinds of exposure, and sudden changes of climate, etc., my health gave way. Physicians did not help me and I was given up to die. My illness developed a

Complication of Diseases.

I was without ambition or appetite. All strength had left me. One doctor said I had heart disease, another torpid liver, a third said it was lung trouble and another consumption, and so on. I have no doubt, symptoms of all these complaints and even that of rheumatism, judging from the stiffness and pains in my joints and legs at times, were manifest. I was unable to attend to business, was confined to my room and frequently lay in a comatose state for hours. I was so feeble, and so little encouragement was offered, that I began to wonder

Where I Would Be Buried.

Finally, as a last effort to help myself, I decided to try Hood's Sarsaparilla. The

effects of a few doses of the medicine seemed almost magical. The depressed feeling left me, and when one bottle had been taken, I had regained an appetite, and strength was coming back. After finishing the third bottle I was able to go about my commercial duties. I continued to improve, and to satisfy my mind that I had fully regained health, I submitted myself to a doctor for examination. He pronounced me 'sound as a dollar.' Three months later, I passed a rigid examination for insurance. I have since been in the best of health, notwithstanding my travels, and I give

All the Credit to Hood's

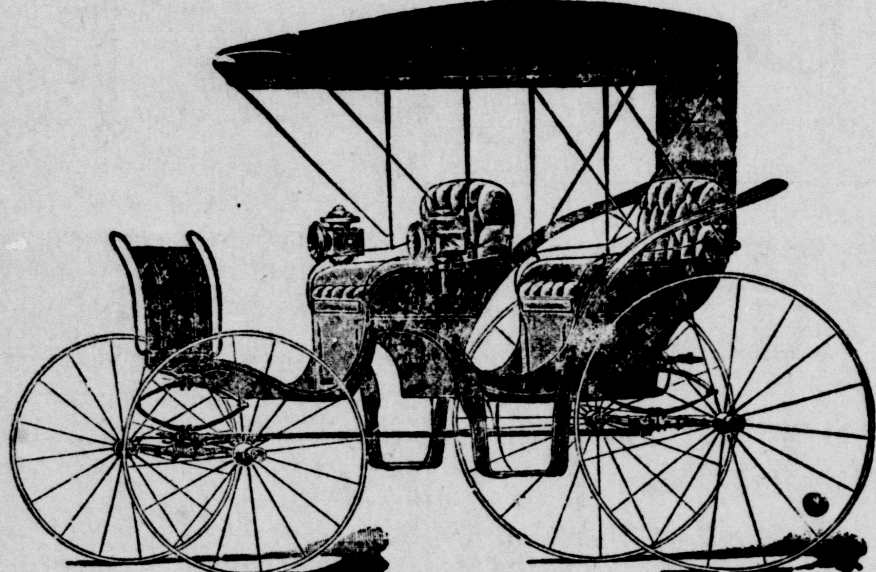

Sarsaparilla, as each season since I have taken several bottles. It keeps my blood in good circulation, gives me a keen appetite and leaves no room for that tired feeling which naturally finds easy prey among those of my calling in the summer months after an early spring hustle. I consider Hood's Sarsaparilla the means of saving my life, and I gladly speak in its favor." A. J. LEITCH, home address, Case House, Saginaw, Michigan.

DYNAMITE EXPLODES.

A Train Demolished and Three Railroad Men Killed in Montana.

Great Falls, Mont., April 9.—The worst wreck that ever happened in Montana happened on the Montana Central Thursday night. The dead are: L. OPENHEIM, engineer. CHARLES W. COCKRELL, fireman. A. J. MARTIN, head brakeman. The train was composed of sixteen loaded cars, one a car of dynamite, and five empties. The dynamite exploded, tearing ten cars to kindling wood. A hole was torn in the earth 50 by 25 feet and 5 feet deep. Telegraph poles and wires were blown out and communication from Great Falls shut off. The bodies of two of the trainmen were hurled from the wreck, which immediately caught fire and was consumed.

Damage by Prairie Fires.

Huron, S. D., April 9.—Destructive prairie fires swept over parts of Beadle and Hand counties Thursday. The losses will aggregate \$15,000. Some farmers lost their homes, buildings, machinery and stock. The town of Westington, thirty miles west of this place, was scorched. Charles Peck, Mosher and others lost their barns. The large dwelling, barns and cattle sheds on the Barden farm near Westington were burned. The burned district covers many miles, and the distress would have been much greater except for rain. Much live stock was burned and many people had narrow escapes.

Weavers Decide to Stay Out.

New Bedford, Mass., April 9.—A large mass meeting of the weavers was held Friday afternoon, and after considerable discussion it was voted by the meeting not to return to work Monday, when the manufacturers have decided to open the mill gates. Many of the most conservative among the operatives anticipate trouble in the mills Monday morning, inasmuch as there are many who will not be bound by the vote of the unions and who are anxious to return to work.

WHAT THE DINGLEY BILL DOES

The assertion made by this paper immediately after the passage of the Dingley act, that the rise in sugar trust stock which was coincident with the passage of that act, was not due to any permanent advantages gained by the trust through the enactment of the law, is fully vindicated. A careful examination of the records of the sugar trust shows that the stock, which advanced rapidly during the closing days of the Dingley bill, and went still higher after that bill became a law, has now fallen to a point lower than it has reached at various times prior to the framing of that act, and even to the election of the congress which framed it. The theory advanced in these columns immediately after the enactment of the new tariff measure was that the temporary advance in sugar trust stock, which occurred simultaneously with the completion of that bill, was due simply to the fact that the trust had imported more than half a year's supply of sugar just before the enactment of the law, and that upon all of that great stock of sugar it would obtain a profit equal to the increased rates of duty imposed by the new law. To those who were familiar with the fact that the trust had more than 700,000 tons of raw sugar in stock when the new law went into effect, it was quite apparent that the trust would be in a position to pay high dividends during the months in which it would make its increased profits on that sugar. These months are now past, the stock of sugar has been sold and eaten, and the profits absorbed by the trust and paid out in dividends, and as a result the people who were six months ago willing to pay high prices for sugar trust stock are now only willing to pay the normal rate which obtained prior to the enactment of the law, since they know that the special supply of sugar on which those large profits were to be made, has disappeared and that the claim that the trust gained any permanent advantage under the new law was an entirely erroneous one. The mere fact that the stock which advanced to such a high point when the large supply of sugar had been laid in and the exact form of the new law was known, has fallen to its normal price as soon as this extra supply of sugar has been disposed of, is an evidence that at the high rate coincident with the passage of the Dingley law was a merely temporary one produced by temporary causes. But there is still stronger evidence to the fact that while sugar trust stock has been falling since the supply of sugar then in hand disappeared, other stocks have advanced. A list has recently been published showing thirty stocks of leading organizations, such as American Express, Chicago, Milwaukee & St. Paul R. R., Illinois Steel Co., Western Union Telegraph Co., Consolidated Gas Co., etc., all of which have advanced from five to twenty-five per cent. during the very time that the sugar trust stock has been falling twenty per cent. False assertions for political purposes are sometimes easy, but they do not pay when the opportunity to show the falsity of the assertion is likely to come as soon as this one has come with reference to the charge that the Dingley bill was framed in the interests of the sugar trusts.

The State Board of Control are fortunate in securing the services of Hon. James E. Heg as superintendent of the intermediate prison in process of construction at Green Bay. Mr. Heg has made a study of criminology and is thoroughly well equipped for the work in hand. His work on the State Board has been tireless and intelligent. He has had much to do with shaping the policy of the several state institutions during the past three

years and has been recognized as a valuable member of the board.

Under his wise supervision the intermediate prison will rank with the best reformatories of the kind in the country. His many friends throughout the state will wish him success.

Gold continues to flow into the country at the rate of a million dollars a day, the total for the past thirty days being about \$30,000. The gold in circulation in the United States has increased \$100,000 since the Chicago platform, and those who supported it announced that there could be no material additions to the circulating medium of the country except through the free and unlimited coinage of silver. The total increase of money in circulation has been over \$200,000,000.

Ask That Zola Be Expelled.
Paris, April 9.—The officers composing the court-martial which acquitted Count Esterhazy decided to begin civil actions for libel against Emile Zola and M. Perreux, publisher of the *Aurore*, who were recently sentenced to imprisonment and who were also fined for making charges which were not sustained against the conduct of the court-martial. The officers also expressed the wish that the Minister for War, General Billot, would ask that M. Zola be expelled from the Legion of Honor.

Gov. Pingree's Tax Bill Killed.
Lansing, Mich., April 9.—The Pingree bill for the taxation of railroads, express, telegraph and telephone companies was killed by a vote of 15 to 16 in the senate Friday evening. A motion to reconsider the vote was tabled, thus placing the bill beyond resurrection.

Gov. Pingree does not propose to let the legislature get away without doing something in the way of equalizing taxes. He will take action at once.

Agree on the Odell Bill.

Judge J. J. Mathews

Greenville, Texas, Suffered from Indigestion and Heart Trouble. Was Restored to Health by DR. MILES' NEW HEART CURE, The Great Heart and Blood Tonic.

The wife of Judge J. J. Mathews, Greenville, Texas, sends the following: "For several years my husband had suffered from indigestion and had reduced in weight from 250 lbs. to 160 lbs. Finally he began to suffer with what was thought to be asthma. His kidneys became deranged; hands, feet, legs and even his body become swollen; liver swollen, hard and sore. He consulted different physicians, but grew steadily worse, and we did not think it possible for him to live. His left side became paralyzed, and he was completely helpless. After a while Mr. Mathews recovered sufficiently to be able to go about a little, but those terrible conditions existed together with a pulse varying from ninety to one hundred beats per minute. Only by the strongest medicines was he able to move at all, and we knew that they were slowly

but surely destroying his life. He was so short for breath that he had to pass his nights on the porch and was in that condition when he got the first bottle of Dr. Miles' New Heart Cure. When he had used it three days we moved his bed into the house and he slept like a child.

Oh! what a happy, hopeful household this was then.

His breathing gradually became natural; kidneys and liver returned to their normal conditions, and the swelling left his body and limbs. About this time he complained of a dragging down sensation at the heart upon rising in the morning. I at once applied over the heart a Dr. Miles' Nerve Plaster. In a few days that feeling had disappeared. My husband's condition was so bad that several months were required, before he was entirely

recovered and again able to attend to his affairs as he used to."

A weak heart affects all other organs of the body by depriving them of nourishment. It is frequently accompanied with nervousness, irritability, unsound sleep, morbid fears.

Dr. Miles' Heart Cure is the most reliable heart medicine known.

A POSITIVE GUARANTEE.

You run no risk in giving Dr. Miles' Heart Cure a trial. If the first bottle fails to benefit you, take the empty bottle to your druggist and get your money back. All druggists are authorized to sell the first bottle with that understanding. Book on the heart and nerves sent free. Address, Dr. Miles Medical Co. Elkhart, Ind.

Seeds, Alone,

Of all the purchases of a countryman, a farmer or gardener, or of a city man having a front or back yard, are articles requiring absolute confidence as to the final outcome of their sowing. The planter of Seeds can tell something beforehand, judged by their outward appearance, when he buys a pair of shoes, suit of clothes, a piece of machinery, even a horse—always a risky investment—but with Seeds he has nothing to guide him as respects merit; nothing but the reputation of the grower. He places himself at the mercy of the Seed Grower and spends his money and time covering a period from 40 to 100 days before he knows whether or not he has been given the value of his outlay and expectations, or has been sold a gold brick. Reader, you take none of these chances in purchasing Landreth's Seeds.

ALTAR IS SHROUDED FOR DEAD PASTOR

ST. JOHN'S CONGREGATION IN MOURNING TODAY.

Funeral Services at 1 o'clock Attended by Many from This City and the Surrounding Country—Clergymen from Other Cities in Attendance—Many Floral Tributes.

Members of St. John's Lutheran church gathered about the coffin of their late pastor, Rev. George Kaempfe, this afternoon, and told by their tears the love they felt. Particularly close were the ties that bound the young church to its spiritual head. The parting at his bedside when it was known that death was inevitable, was very affecting. There were fresh manifestations of grief during the service this afternoon.

The services began at 1 o'clock, but long before that, nearly every seat in the church was filled. About the altar rail were masses of flowers, and the altar and pulpit were hung with crepe. The funeral sermon was preached by Rev. E. O. Gessel, of Platteville. Other clergymen present were Rev. Herman Sterz, of Watertown, ex. H. Stuebenvoll, of Racine, Rev. M. Seidel, of Reedsburg, Rev. E. Scherbel, of Madison and Rev. E. Einsiedel, of Beloit.

There was no singing save by the congregation which joined in hymns known as special favorites of the dead pastor.

Many followed the remains from the church to Oak Hill where they were laid to rest.

Six pastors acted as pall bearers they being Revs. A. S. Strumpe, G. Abendroth, B. M. Gelsel, Sturze, Stuebenvoll and Seidel.

Funeral of M. V. Pratt

The funeral of M. V. Pratt will be held at the home in Riverview Park, Monday morning at 9:30. The remains will be taken to Evansville on the 9:50 train and services will be held in the Congregational church at Evansville, Monday afternoon at two o'clock. The interment will be in the Evansville cemetery.

Funeral of Mrs. William Thorn

All that was mortal of the late Mrs. William Thorn was laid to rest in Oak Hill cemetery this afternoon. Services were held from the South Franklin street home at 2 o'clock, the Rev. Mr. Mayron, of Trinity church, officiating.

Funeral of William Gravestene

William Gravestene, who died very suddenly of cancer of the stomach yesterday afternoon will be buried Sunday. Members of Janesville Lodge, No. 55, F. & A. M. will meet at 1 p. m. and attend in a body.

MORGAN HOUSE CHANGES

The Milton Hostelry Is Undergoing Improvements and Repairs.

Some decided improvements are under way at the Morgan house. The waiting room north of the office has been enlarged by moving a partition and will be newly furnished. The rooms recently occupied by B. M. Codman's laboratory will also be refurnished and fitted for a sample room—Milton Junction News.

THEY CALL A PASTOR FROM THIS CITY

FOND DU LAC HAS INVITED REV. H. W. THOMPSON.

The People's Christian Association Anxious To Have the Janesville Divine Sever His Connection with the First M. E. Church, and Fill Their Pulpit.

Rev. H. W. Thompson, of the First M. E. church in this city, has been called to Fond du Lac according to all reports. The Fond du Lac Commonwealth says:

"The People's Christian association held a meeting Wednesday evening and tendered a unanimous call to the Rev. H. W. Thompson, of Janesville, to become their pastor. The call has been transmitted to Mr. Thompson, and it is expected that he will be able to formulate an answer by next Monday or Tuesday. Mr. Thompson is a popular platform speaker with the masses, and his acceptance of the call would be a fortunate circumstance for the association."

"It is true that I have been called to Fond du Lac," said Rev. Mr. Thompson to a Gazette reporter this afternoon; "but the call has not been accepted. There will be no definite decision until Monday. In fact, the action of the church itself will not be absolutely final until after Sunday."

The Christian society of Fond du Lac was formed by the secession of 150 members from Division Methodist church several years ago. The society is now one of the strongest religious societies in the city and is very influential. A large proportion of prominent business men are numbered among the membership. The membership roll now bears over two hundred names and the Sunday school and young people's society are both very strong. The society holds its meetings in the opera house.

Rev. Mr. Thompson was not in Fond du Lac at the time that the split occurred but was sent there two years afterwards to attempt to unite the two factions. He served one year with the Division street church, but found impossible to effect a reunion.

The unanimity of the call extended by Fond du Lac society and the importance of the field are likely to be important factors in determining Mr. Thompson's course. He has done good work in the eighteen months he has been in the Janesville field and should he determine to accept the Fond du Lac call there would be much regret in this city.

S. M. FISHER LEAVES C. & N.W.

Will Take a Position in F. D. Kimball's Furniture Store—Is Well Known.

S. M. Fisher has given up his position as operator at the Chicago and Northwestern depot, and has taken the place with F. D. Kimball formerly held by George R. Davis. Mr. Fisher was formerly a resident of the town of Center, and has a wide acquaintance in the county. For several years he was operator and cashier for the Chicago & Northwestern railroad at Clinton, and came to Janesville about three months ago.

STURDY BABIES

Mothers in a Quandary When the Food Supply Fails

It is a difficult matter for a mother to determine just what to do when a young babe is deprived of the natural mother's milk.

If there was any one manufactured baby food that all babies would thrive upon, the course would be plain, but what agrees with one does not with another. Mrs. H. A. Fralick, wife of a prominent citizen of Grand Rapids, Mich., tried the various foods on her baby boy, without success and finally gave him Postum Food Coffee which seemed to exactly fit the case and he has lived almost exclusively on Postum until now when he is a little past four years old, weighs 45 pounds and is one of the sturdiest, strongest and healthiest youngsters one will see in a day's travel. His little sister now two years old has had a similar experience and has been reared entirely upon Postum. Postum is the original Cereal Coffee being made by food experts who treat grains in a scientific manner to give a highly nutritious food in a liquid form and with a crisp delightful coffee flavor.

Many people cook Postum so short a time that it tastes flat and insipid. It must have at least fifteen minutes of sharp boiling after it has commenced to boil (not only after it has been put upon the stove) to bring out the food value and the toothsome flavor. It will be found a powerful health restorer to those who are injured by common coffee drinking, and that class number thousands, who suffer day by day and not know that coffee (a heavy drug) is causing the mischief.

TO OPEN SEAL QUESTION.

Government Asks Renewal of Negotiations with Great Britain.
Washington, April 9.—It is understood that new negotiations are in contemplation between the United States and Great Britain respecting Canadian matters. The Paris award provided that the sealing regulations shall be submitted, at the expiration of five years, to a new examination, with a view to revision, and as that period expires during the current year the United States has proposed that the subject of the revision be taken up.
Lord Salisbury assents to this proposal, but the British ambassador, under his instructions, has suggested that other unsettled questions between the United States and Canada be made the subject of examination with a view to determining whether it is feasible to create a joint commission for their adjustment by treaty or legislation. It is stated that the president concurs in this suggestion and that a preliminary conference with these objects in view will be held in Washington at an early day.

"I feel it my duty to give you a truthful statement of what Chamberlain's Colic, Cholera and Diarrhoea Remedy did," writes J. S. Collins, of Moore, S. C. "I had a child about two years old, that had the diarrhoea for two months. I tried all the best known remedies, but none gave the least relief. When this remedy came to hand, I gave it as directed, and in two days the child was completely cured." Sold by People's Drug Co., corner Main and E. Milwaukee Sts.

Defenses of San Francisco.
San Francisco, Cal., April 9.—New lines of interior defense are now being built for the fortifications of this city. The army will be prepared to fight at the heads with the powerful 12-inch batteries at Fort Point and Fort Baker on Lime Point. If through any chance of war hostile iron clads should manage to pass the outer line of fortifications, the fierce inner batteries of Alcatraz, Angel Island and Valley Beach would resist their further advance. Maj. Heur, who is in charge of the torpedo station on Goat Island, has placed in position electrical apparatus for submarine mines. Shore connections or torpedo casements have been established and the mines can therefore be planted in the harbor whenever the hour of danger arrives.

The two-year-old son of W. L. Ferguson, of Bolton, Miss., had whooping cough. "After several physicians had prescribed for him without giving relief," writes Mr. Ferguson, "I purchased my wife to try a 25 cent bottle of Chamberlain's Cough Remedy. The first dose had the desired effect, and in forty eight hours he was entirely free from all cough. I consider your remedy the best in the market, especially for children and recommend it at all times." The 25 and 50 cent sizes for sale by People's Drug Co., corner Main and Milwaukee streets.

Leaks in Dry Dock No. 3.
New York, April 9.—Dry dock No. 3 will not be able to receive one of the big battleships of the navy for weeks to come. Two leaks have been discovered within forty-eight hours. Notwithstanding the fact that nearly \$150,000 has been spent in trying to make this dock ready to receive the big battleships of the North Atlantic squadron it has been found necessary to make additional alterations in order to insure the safety of the dock. According to Constructor Bowles it will take at least six weeks before the dock can be put in readiness to receive a battle ship or any other vessel. The big dock was intended almost exclusively for the reception of the big battle ships.

Dervishes Lost Heavily.
Cairo, April 9.—The Anglo-Egyptian forces, under the sirdar, General Sir Herbert Kitchener, attacked the dervishes' position at 7:45 this morning and rushed Mahmouds Zariba, the center of their fortifications, without check. The attack was entirely successful, and the dervishes lost very heavily.

To Lay Submarine Mines.
Norfolk, Va., April 9.—A detachment of twelve marine engineers from Willets Point, New York, has arrived here to lay cables and electrical apparatus for the mooring and operation of controlled mines in Hampton Roads. A barge containing submarine mines, apparatus, etc., is lying off Old Point.

Gunboat Princeton Finished.
Philadelphia, April 9.—The gunboat Princeton, built at Dialogue's shipyard, Camden, is finished and is ready to be turned over to the government. It is expected that the authorities at Washington will within a few days order her removal to the League Island navy yard to receive her fittings and prepare for sea.

To Look After German Interests.
New York, April 9.—A dispatch to the World from Berlin says: In view of the probable outbreak of hostilities the German admiralty, which at present has not a single ship in West Indian waters, is considering the advisability of sending at least one cruiser for the protection of the political and commercial interests of Germany there.

NOTICE TO CREDITORS—STATE OF WISCONSIN, County Court for Rock County—in probate.
Notice is hereby given that at the November term of the county court to be held in and for said county at the court house, in the city of Janesville, in said county, on the first Tuesday of Nov., A. D. 1898, being Nov. 1st, 1898, at 9 o'clock a. m. the following matters will be heard, considered and adjusted:
All claims against Elizabeth M. Pond late of the city of Janesville, in said county, deceased.
All such claims must be presented for allowance to said court at the court house, in the city of Janesville, in said county, on or before the 5th day of Oct., A. D. 1898, or be barred.—Dated April 5th, 1898.
By the Court,
J. W. SALK,
County Judge.

WANTS A SOLID FRONT.

Silver Leader Anxious to Have His Followers in All Parties Unite.
Indianapolis, Ind., April 9.—William J. Bryan, who was to have left the city Thursday night, stayed over for a conference of representatives of the three political parties that have espoused the cause of bimetalism, and did not get away until noon Friday.
The next national convention of the cause received a good deal of attention. The plan is to bring all the silver forces into one convention—democrats, silver republicans and populists. Later the three national chairmen interested will get together and work out the details of the plan.
It is said to be the expressed wish of Mr. Bryan that every effort be put forth to get the forces into one convention. He believes he can secure the endorsement of the silver republicans and the populists if they meet in separate conventions, but the cause, he believes, will be strengthened by presenting a "solid front" from the start.

End of Centerville Strike.
Ottumwa, Iowa, April 9.—Twenty-five hundred miners in the Centerville district went back to work Friday after being out on a strike since April 1, which date was the time of the change from the winter to the summer scale. The operators cut the mining rate from 90 to 70 cents. The men demanded 80 cents. This the operators refused. After a joint meeting the miners accepted the offer.

China to Admit Steamboats.
Washington, April 9.—The government of China has decided to do away with the restriction of the use of steam in the navigation of internal rivers and lakes. It has determined that wherever now foreigners are permitted to navigate the streams and lakes in native boats steam may be used as a motor.

"Remember the Maine."
Washington, April 9.—Commodore Schley, commanding the flying squadron, said at Fort Monroe: "When we go into action the signal to the other ships of the squadron will be: 'Remember the Maine.'" This will be the battle-cry for the American navy and land forces.

Gaudaur and Johnson Matched.
Vancouver, B. C., April 9.—Gaudaur, champion oarsman of the world, and Robert Johnson of Vancouver have arranged a match race for the championship and a purse. A side bet of \$2,000 was made. The race will be rowed this summer at Burrard Inlet at Vancouver.

General W. F. Hardin Dead.
Austin, Texas, April 9.—General William P. Hardin, one of the leaders of the confederate army, and superintendent of the confederate home in this city, died today of Bright's disease, in his eighty-second year.

German Privy Councillor Dead.
Berlin, April 9.—Privy Councillor Bansch, engineer of the Emperor William canal (Baltic and North Sea canal), is dead.

No evils are so pernicious as the adulteration of food or drink, hence one cannot be too careful about what goes into the stomach. True, the stomach is accustomed to a large amount of ill treatment. It is an organ of great accommodation and wonderful endurance but as the day ends and night is sure to succeed it so to is it with the stomach's capacity for enduring ill-usage. Persons who use whiskey in any form should remember these facts and avoid the adulterated stomach destroying compounds which are offered them by dealers who represent such as so many years-old straight whiskeys. Under the laws of Congress passed at its last session, the purchaser of a drink or bottle of whiskey has only himself to blame if deception is practiced on him now, as the T. S. stamp covers every bottle of straight whiskey. Green River is that whiskey. It is bottled under the direct supervision of the government, the official stamp of the nation covers every bottle of it, thus guaranteeing its genuineness, age, proof and purity. But be sure you get Green River Whiskey, the whiskey without a headache.

COLD WEATHER IS BLAMED.

This Has Checked the Usual Easter Demand to a Considerable Extent—Dun's Review Criticizes the Position of the Banks—The Failures.

New York, April 9.—Bradstreet's says:

"A sensible quieting of demand for staple goods is perceptible in the various detailed trade reports coming to hand this week. At the east the drift of matters affecting our foreign relations has been such as to discourage new business, but this tendency has been considerably accentuated by untimely cold weather, which has checked the usual Easter demand to a considerable extent. Reports from the west are that the heavy rush of spring business is about over. Rather less activity is noted in most of the country's great staples. Cotton goods have moved fairly well. Wool is dull. The iron trade continues to report a large volume of business. A feature of trade at leading cities this week is the active business in bicycles in Chicago and New York, where sales are the largest on record.

"Wheat shipments, including flour, this week are slightly larger than those of last week, and considerably in excess of last year, aggregating 3,773,726 bushels for that period, against 3,550,664 bushels last week. Corn exports have fallen off sharply, aggregating 3,557,000 bushels, against 4,507,000 bushels last week."

R. G. Dun & Co's Weekly Review on Trade says:

"Disasters in trade shown this week by separate branches of business for the month of March and also the first quarter of 1898 make the best report that has been possible for five years. It is interesting to note that nearly all branches of business show surprising movement. Meanwhile banks are extremely cautious, and commercial loans are but 10 per cent of their aggregate. The belief that quick expansion in all branches would follow greater liberality and patriotism by the banks is not wholly unfounded, and the heavy receipts of gold from Europe count for little compared with the greater or less liberality in loans by banks. Disturbance does not yet appear, however, and failures for the week have been 232 in the United States, against 252 last year, and 32 in Canada, against 36 last year."

Lee May Spring a Sensation.
Washington, April 9.—Representative Lorimer of Illinois is authority for the statement that Gen. Lee will make some startling disclosures before the senate committee on foreign relations when he arrives here regarding the conspiracy to blow up the Maine.

SORES

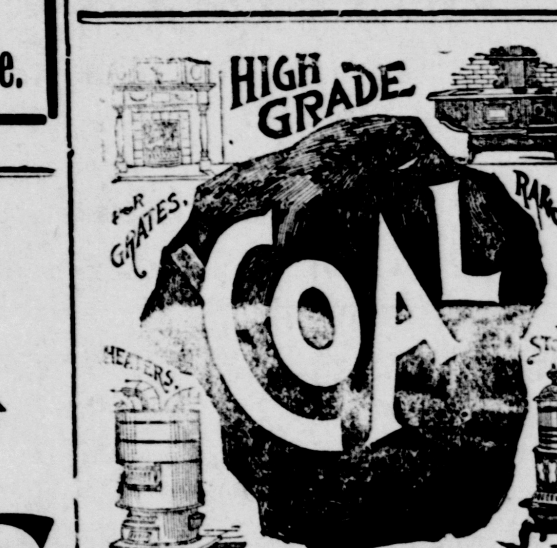

On His Leg Twenty-seven Years Cured by

SEPTICIDE

"While in the army with the 54th. ind. Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggists, Goddard & Watson, I commenced the use of "SEPTICIDE." I took it internally and kept the sores wet with it four or five times a day. I am now happy to say, that I am entirely cured, and my leg is as sound as ever.

LOWELL HARDWARE CO.

The Tables Turned.

The almost unheard of spiteful attempt to injure us in our closing out sale turned the tables in our favor. It advertised us in a great degree and made us friends in every quarter; made so much extra business for us that we are rushed to an extraordinary degree. Today our delivery horses and wagons were taken from us, but there are plenty of liveries—horses are cheap. The greatest Grocery sale on record will continue just the same. Cost cuts no figure.
